

# MEET US AT THE BAH

(or how to host Business After Hours)

## WHAT IS BAH?

Simply put, it's far and away our most popular networking event. Whilst our numbers are smaller today, pre-pandemic we would regularly attract 100-120 members and their guests to the BAH. We are aiming to reach that level again in 2023.

Networking the Business Lismore way does not involve sales pitches or business cards being thrust in your face. It is about making authentic connections and finding out how you can help one another.

BAH is hosted by a different member business on the 4th Wednesday each month - you are in complete control of the type of event you want to hold, and how much you want to spend.

If you'd like to host BAH, come and talk us. We'd love to help you expand your network and grow your business.

## HOW CAN I HOST?

First up, you do need to be a member and after that, we need to have a quick chat to make sure we have a date available that suits you ... BAH is held on the 4th Wednesday every month and we are usually booked 3-4 months in advance.

BAH can be in different formats - we've had everything from mini olympics to quite formal cocktails and everything in between. You can partner up with another business to help share the cost or you may have complementary services you'd like to promote.

All of the info is on the website but in a nutshell, you'll need to choose a date, write a blurb, make sure you've got a table, a fishbowl for business cards, your brochures and a venue. You'll also need to provide refreshments and a lucky door prize. We'll take care of invites, name tags, guest lists and the admin of event management.
